

CMT INSTRUCTIONS FOR AUTHORS

Welcome to SOFAS 2020 Author's Guideline for submissions. SOFAS 2020 is using a CMT (Conference Management Tool) developed by Microsoft to receive and review submissions.

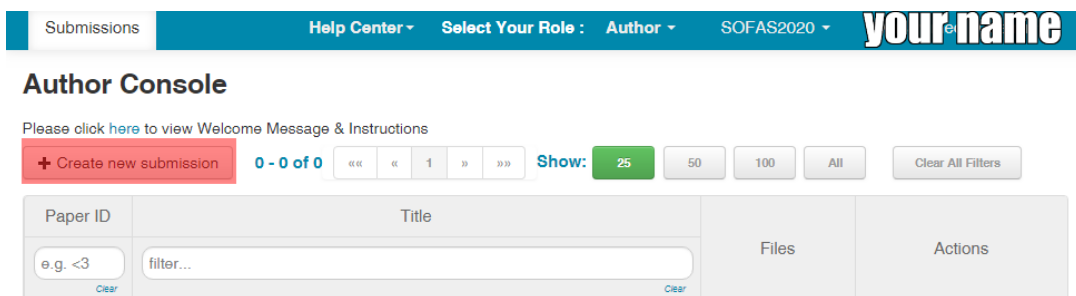

Note:

You need to submit an abstract file along with the title of the abstract, and one primary subject area by creating a submission in the [SOFAS 2020 submission site](#) as described in the steps below. All fields in the submission form can be modified during and/or after the submission until the submission deadline (**July 3, 2020**). Feel free to contact us at info@sofas.gov.tr for any enquiries.

1. Go to the [SOFAS 2020 submission site](#). You will be asked to login with your email and password. If you are new to CMT please click "register" button and create an account. After registration you can use your login information for submissions.

2. Once you logged in to the author console, click the  button (highlighted in red in the figure below) to create a new submission.

3. You will be asked to fill in the title of your paper and to choose at least one primary subject area. Accepted file types for your abstract are .doc, .docx or .pdf format. File upload is mandatory; you must upload at least 1 file to complete your submission. You may select up to 3 secondary subject areas or you may add your own using the blank field. All fields can be modified up until the submission deadline (July 3, 2020). Authors should add all collaborators of the abstract by the submission deadline.

4. Once you clicked the **Submit** button at the bottom of the page and you will be directed to submission summary page. Note that CMT **does not** automatically generate a submission completed email. Use the **Print** or **Email** buttons at the top right corner of the page if you wish to create a copy for yourself and/or other authors.

5. To return to the Author console, submit another paper / or to view your submissions (up to 2 papers for each author) click to the **Back to Author Console** button and follow steps mentioned earlier to submit new abstract or edit your submission by clicking **Edit Submission** at the bottom left of the page.
